

Attendees:

Illogan Pennoweth Rosemellin

Weeth Lanner Treloweth

Garras Godolphin Sithney

Porthleven Portreath

Mrs Collins Mrs Andrews

Absent: Roskear, Pencoys, Trannock, Parc Eglos, Halwin

Discussion:

- Hello everyone!
- A huge welcome to the schools that have joined us for the first time today – it is lovely to see everyone on the screen! Thank you very much to the adults who have helped to get everyone on the meeting today.

What have we been doing

- To make sure that everyone knew what we had been doing so far this year, we had a quick recap on our main project – to reduce electricity use in our schools. We shared some of the successes of this so far and encouraged everyone to keep reminding people to turn off the lights in school when they are not being used, turn off projectors and make sure that things aren't being left plugged in if you aren't using them. Keep up the great work everyone! We have also been thinking about wildflower areas for our schools.

Feedback from councillors:

Energy use

Thank you to everyone for their ideas for what we could add to stickers that we can get made to put near our light switches to remind everyone to turn off the lights. Ideas included:

- Please turn me off!
- Turn me off and help save our planet
- Please turn off the lights
- TURN THE LIGHT OFF! (in capitals!)
- Mrs Collins said that we could try and incorporate the Energy superhero that we have on our stickers (Energy Expert)

Councillors suggested we could also design some posters to have around school reminding people to save energy.

It was also suggested that we need to remind everyone to pull their blinds up and turn their lights off whenever they can! Mrs Andrews said that we should make sure we remind people in offices to do this as sometimes they might forget.

Actions:

- **Mrs Collins to get 2 different designs for stickers that we can vote on (including our Energy Expert superhero) and a couple of designs for posters that we could have around schools.**

Wildflower areas

- The schools that were at the meeting last time had spoken to their school councils and were very keen to have wildflower areas develop in their school grounds. 😊

Actions

- **All schools to talk to their school councils and agree where they would like wildflower areas and bring their ideas to the Trust summit meeting so we can arrange for the areas to be developed.**

The Trust Summit Meeting

We discussed our Trust Summit Meeting that will take place on the 6th July at Pennoweth (hopefully!). If it is finished on time, our Summit Meeting will be the first meeting held within Pennoweth's new school hall 😊

Mrs Collins gave a summary of some of the speakers that will be attending the summit meeting: Sustans, an Eco friendly local business, Chartwells.

At the meeting we will agree on our pledges (one per 'super hero') for the 23/24 academic year. Please do keep sending any ideas you have for what the pledges could be to Mrs Andrews or Mrs Collins.

Finally, thank you so much to all our councillors for the amazing work you are doing making sure that everyone remembers to think about saving energy.

- **Next Meeting**

Our next meeting will be our Trust Summit Meeting on Thursday 6th July. Further information about the meeting will be sent out nearer the time. Remember: two councillors from each school should attend (at least one councillor needs to be in year 5 so that they are able to continue the Council's work into next year).

Thank you to everyone that joined us today!
